Barcoding & Scanning Solutions

Benefits of Barcode Solutions:
Instant information at your fingertips

Add items to your shopping cart

Add items to a list

Check your price

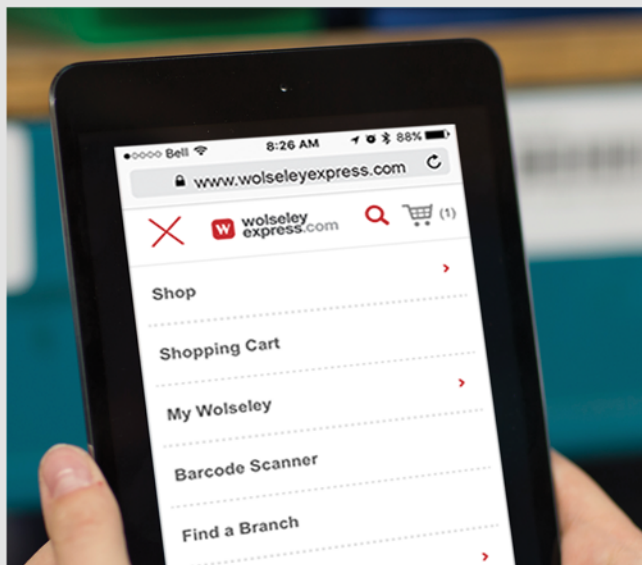

Check branch stock quantities

Check product details & specs
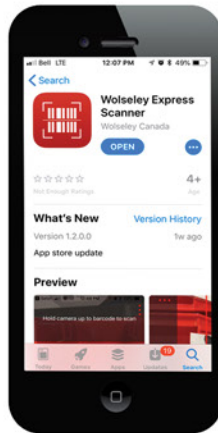

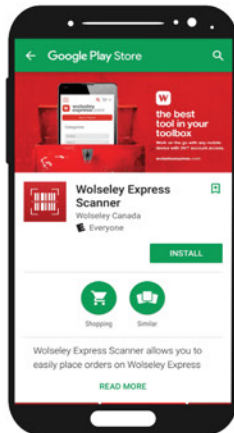

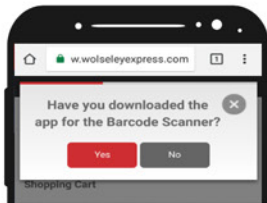

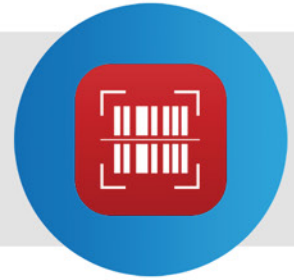

Generating Wolseley Product Barcode Labels:

Use Wolseley Express to generate Wolseley Product labels to barcode your warehouse or truck. This feature is found in **My Lists** or **Express Lists**.

1. Go to 'My Lists' or 'Express Lists' and choose the List that you want to create labels for.

2. With the list open, click the "Print Labels" tab on the top right of the screen and select your preferred label size: Avery 5160 (1x2-5/8), Avery 5161 (1x4), Avery 5163 (2x4). This will generate a PDF.

3. Save or print the labels directly from the PDF.

4. Make sure you have your labels loaded correctly in your label printer.
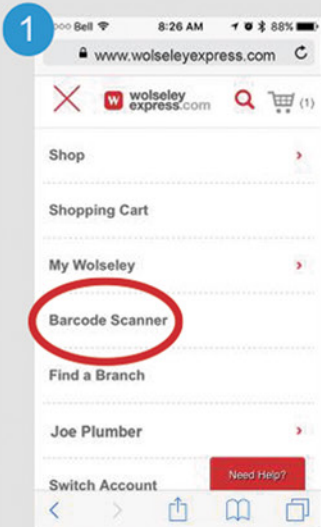

Barcoding & Scanning Solutions

Please note: Users first need to download the Wolseley Express Scanner app and will be prompted to do so for all iOS and Android devices.

GET IT ON Google Play
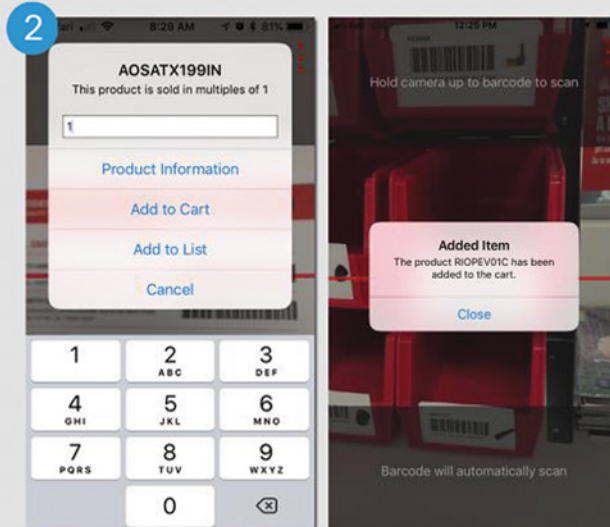

Download on the App Store

"I did my first order today using the scanner and the new barcodes. It was such a pleasure doing it this way. It was faster and easier than I expected!"

Markus Holotta
Plumbing Supervisor,
Priority Mechanical

How to Start Scanning:

Step 1 : Select "Barcode Scanner" from drop-down menu.

Step 2 : Scan barcode, then choose to view Product Information, Add to Cart, or Add to List. Once you select Add to Cart the product will automatically be added to the cart.

Step 3 : Go to checkout once you have finished shopping.
